CERTIFICATION OF ANNUAL ACCOUNTS

The annual accounts of the Agency for the Cooperation of Energy Regulators (ACER) for the year 2011 have been prepared in accordance with Title VII of ACER's Financial Regulation as well as the accounting rules adopted by the European Commission's Accounting Officer.

I acknowledge my responsibility for the preparation and presentation of the annual accounts of ACER in accordance with Article 43 of ACER's Financial Regulation.

I have obtained from the authorising officer, who guaranteed its reliability, all the necessary information for the production of the accounts that show ACER's assets and liabilities and the budgetary implementation.

I hereby certify that based on this information, and on such checks as I deemed necessary to sign off the accounts, I have a reasonable assurance that the accounts present a true and fair view of the financial position of ACER in all material aspects.

15 June 2012

Rodica Mandroc,

Accounting and Budget Officer

INTRODUCTION

LEGAL BASIS

The European Agency for the Cooperation of Energy Regulators (hereinafter referred to as 'ACER') with the seat in Ljubljana, Slovenia has been established by Regulation (EC) No 713/2009 of the European Parliament and of the Council of 13 July 2009 (the "founding Regulation").

The overall mission of ACER, according to its founding Regulation, is to assist national regulatory authorities (NRAs) to perform their duties at the European Union level and to coordinate their actions whenever necessary.

ACER's activities are also governed by the following directives and regulations:

- Directive 2009/72/EC of the European Parliament and of the Council of 13 July 2009 concerning common rules for the internal market in electricity and repealing Directive 2003/54/EC;
- Directive 2009/73/EC of the European Parliament and of the Council of 13 July 2009 concerning common rules for the internal market in natural gas and repealing Directive 2003/55/EC;
- Regulation (EC) No 714/2099 of the European Parliament and of the Council of 13 July 3009 on conditions for access to the network for cross-border exchanges in electricity, which repeals Regulation (EC) No 1228/2003;
- Regulation (EC) No 715/2009 of the European Parliament and of the Council of 13 July 2009 on conditions for access to the natural gas transmission networks and repealing Regulation (EC) No 1775/2005;
- Commission Regulation (EU) No 838/2010 of 23 September 2010 on laying down guidelines relating to the inter-transmission system operator compensation mechanism and a common regulatory approach to transmission charging, and,
- Regulation (EU) No 1227/2011 of the European Parliament and of the Council of 25
 October 2011 on wholesale energy market integrity and transparency.

BACKGROUND INFORMATION

According to the founding Regulation, ACER's governing bodies on administrative matters are the Administrative Board and the Director.

The Director of ACER, Mr Alberto Pototschnig is, according to Article 17 of the founding Regulation, responsible for representing the Agency and in charge of its management.

The Administrative Board, chaired by Mr Piotr Woźniak, is composed of nine members with two members appointed by the European Parliament, five members appointed by the Council and two members appointed by the European Commission. Each member has an alternate.

The Administrative Board shall give an opinion on the final accounts of ACER as drawn up by the Director in accordance with Article 24(4) and (5) of the founding Regulation.

ACER's expenditures for 2011 were integrally financed through an annual subsidy from the general budget of the European Union.

In accordance with Article 43(1) of ACER Financial Regulation adopted by the Administrative Board with Decision AB n° 22/2011, the Administrative Board appointed Mrs Rodica Mandroc on 22 September 2011 as the Accounting and Budget Officer of ACER.

This is the first year of ACER's operation and the final accounts have been drawn up starting 8 March 2011, date when the financial autonomy has been granted to the Agency.

The following accounts together with a report on budgetary and financial management have been drawn up in accordance with Articles 76 – 83 of ACER's Financial Regulation and Article 24 of the founding Regulation.

NOTES TO THE FINANCIAL STATEMENTS

ACCOUNTING POLICIES AND PRINCIPLES

The objective of the financial statements in general is to provide users with an overview on the financial performance, position and cash flow of an entity. For a public entity like ACER this objective is more specific as the information contained is used in the decision making process as well as to demonstrate the accountability of the agency towards the resources entrusted to it.

The financial statements for the year 2011 were prepared on the basis of the European Commission Accounting Rules as laid down by the accounting officer of the European Commission, applicable to the specific environment of the European Union and which are based on the International Public Sector Accounting Standards and International Financial Reporting Standards. The financial statements are prepared on an accrual basis whereas the reports on the implementation of the budget are prepared on a cash basis. Reconciliation between the two methods is presented in the second part of this report.

The accounting system of ACER contains general and budget accounts with the functional currency being Euro. The budget accounts provide a detailed picture on the implementation of the budget and are based on cash accounting principles. The general accounts prepared on an accrual accounting basis present the financial performance and position of ACER as at the end of the financial year.

The current financial statements have been drawn in accordance with the principles specified in Article 78 of ACER Financial Regulation and the corresponding articles of the general Implementing Rules, as follows:

Going concern basis

ACER has been established for an indefinite duration and the financial statements have been prepared in accordance with the going concern principle and Article 187 of the general Implementing Rules.

Principle of prudence

The assets and income in the financial statements of ACER have not been overstated nor have the liabilities and charges been understated. The principle of prudence from Article 188 of the general Implementing Rules has been complied with.

Principle of consistent accounting method

In accordance with this principle and Article 189 of the general Implementing Rules, the structure of the components of the financial statements and the accounting methods and valuation rules adopted this year carry no intention of being changed over the coming years.

Principle of comparability of information

In accordance with this principle for each item the financial statements shall show the amount of the corresponding item in the previous year – Article 190 of the general Implementing Rules. Being the first year of operations for ACER, comparative amounts will only be shown from next year.

Materiality principle

The materiality principle as per Article 191 of the general Implementing Rules has been applied to the financial statements of ACER and implies that all operations significant by nature shall be taken into account in the financial statements. Items may be aggregated if they are of identical nature, negligible amounts or when aggregation improves clarity of financial statements.

No-netting principle

The no-netting principle in accordance with Article 192 of the general Implementing Rules as applied to the financial statements of ACER implies that assets and liabilities have not been offset against each other, nor were revenues and expenses except where the revenues and expenses derived from the same or similar transaction.

Principle of reality over appearance

In accordance with the Article 193 of the general Implementing Rules, the accounting events recorded in the financial statements of ACER are presented by reference to their economic nature.

Accrual-based accounting principle

According to this principle and Article 194 of the general Implementing Rules, transactions and events entered in the accounts of ACER were recorded at the time they occurred and not when amounts were actually paid or recovered.

CURRENCY AND BASIS FOR CONVERSION

Functional and reporting currency

The functional and reporting currency used in the preparation of the financial statements for ACER is Euro.

Transactions

Foreign currency transactions were translated into Euros in accordance with Articles 7 and 8 of the general Implementing Rules using the official European Commission exchange rates of the day on which the payment order was drawn up.

Foreign exchange gains and losses resulting from the settlement of transactions in foreign currency are recognised in the economic outturn account.

CHART OF ACCOUNTS

The chart of accounts used by ACER follows the structure of the chart of accounts used by the European Commission (PCUE).

ECONOMIC OUTTURN STATEMENT

Revenue

The 2011 revenues of ACER consist of

- the subsidy received from the general budget of the European Union that contains a percentage of EFTA countries' contribution;
- revenues resulted from the transfer of assets that were bought on behalf of ACER while under the *tutelle* of the parent Directorate General, and
- foreign exchange realised gains.

Revenues	8 March - 31 December 2011 €s
European Commission subsidy	4,362,607.98
Other operating revenue	38,290.07
	4,400,898.05

Expenses

December 2011 €s

112,674.20
1,029,584.75
444,356.83
3,473,905.07

Staff expenses consist of personnel-related expenses such as salaries, allowances and other welfare benefits.

Fixed assets-related expenses contain the charge of amortisation of intangible assets and the depreciation of tangible assets for the financial year ending 31 December 2011.

Other administrative expenses consist of costs associated with the building, office running costs, including the cost of physical inventory that does not qualify as financial assets, as well as the cost of interim staff.

Operational expenses include the cost of operational missions, meetings, workshops, public hearings and other operational expenditure incurred for the functioning of the Agency.

BALANCE SHEET

NON-CURRENT ASSETS

Assets are resources controlled by ACER as a result of past events from which future economic benefits or service potential is expected to flow.

Fixed assets are assets with a useful life of more than one reporting period. The valuation of fixed assets in the financial statements of ACER is based at their acquisition price. The book value of these assets is equal to their acquisition price increased or decreased by revaluations, decreased by depreciation and amounts written off.

For the record of fixed assets ACER uses ABAC Assets2 as inventory application, which is an integrated part of the ABAC platform. Two main categories can be distinguished: intangible and tangible assets.

Intangible fixed assets

Intangible fixed assets recorded in the inventory of ACER consist of assets without physical substance and are only represented by software.

Tangible fixed assets

Assets with a physical substance recorded in the inventory of ACER consist mainly of furniture, computer hardware, telecommunication and audio-visual equipment and a small number of other equipment and fittings.

Amortisation and depreciation

Depreciation and amortisation as a systematic allocation of the loss in value over the useful life of an asset is calculated using the straight-line method with the following rates:

Type of asset	Straight line depreciation rate
Computer software	25%
Furniture	10%
Transport and kitchen equipment	12.5%
Computer hardware	25%
Technical equipment	25%
Telecommunication audio-visual equipment	25%

A number of assets administered by DG ENER of behalf of ACER have been transferred to ACER after the financial autonomy has been granted.

Details on the classification and depreciation rates of the fixed assets can be found in the following table:

CURRENT ASSETS

Receivables

Receivables are carried at original invoice amount less any write-down for impairment. A write-down for impairment of receivables is established only where there is objective evidence that ACER will not be able to collect all amounts due according to the original terms of the receivables, with the impaired amount being recognised in the economic outturn for the year.

Short-term receivables

	2011
	€
VAT receivable	207.43
Salary advances paid to staff	23,495.52
Deferred charges	17,312.14
	41,015.09

ACER benefits from a direct exemption for VAT from the Slovenian state for purchases above the threshold amount of €60 and the VAT paid on purchases where the direct exemption is impracticable to obtain the VAT is refunded by the Slovenian state on a quarterly basis.

Salary advances paid to staff members are integrated/recuperated by the Pay Master Office (PMO) from the staff member salary in the month following that of the payment.

Deferred charges consist of prepayments made during the year mainly on subscriptions and insurance premiums.

EQUITY AND LIABILITIES

Current liabilities

	December 2011 €s
Accounts payable	5,667.92
Accrued expenses	401,416.73
Repayable positive budgetary outturn	1,571,424.88
Repayable interest earned on EU subsidy	10,711.93
	1,989,221.46

The accounts payable as at 31 December 2011 consist of outstanding claims from ACER suppliers and other public bodies to be settled as they fall due.

Accrued expenses relate mainly to goods or service delivered at the end of the financial year but for which the invoices have not been received. According to Staff Regulation (Annex V − Leave, Article 4) the staff members are entitled to a compensation equal to one thirtieth of his/her monthly remuneration for each leave day due to him/her at the time of leaving the service. A holiday compensation amounting to €44,097.04 has been calculated and recognised as accrued expenses for all untaken annual leave entitlements as at the end of the financial year.

The budgetary outturn result remains the property of the European Commission and ACER has an obligation to return the unused amount of the pre-financing.

Interest yields on the pre-financing fall under the same obligation and have to be returned to the European Commission.

CONTINGENT ASSETS

Under international financial reporting standards, a contingent asset is a possible asset arising from past events and that will be confirmed only by future events not under an entity's control.

ACER has identified as contingent asset the disputed salary indexation and coefficient correction for the period starting 1 July 2011. If the legal action were to be successful, the impact for ACER would be a receivable amount of €14,608.77 to be recuperated from a number of its staff members.

CHANGES IN ACCOUNTING POLICIES

There have been no changes in accounting policies for the financial year 2011.

OTHER DISCLOSURE

Contribution in kind

Since 1 February 2011 when ACER has moved its seat in Ljubljana the following contributions in kind have been accepted:

From the Council of European Energy Regulators:

- office space, logistical and secretarial support for the Agency's liaison office in Brussels free of any rent, fees and charges.

From the Government of the Republic of Slovenia:

 use of office space offered free of any rent or related charges pursuant to the Seat Agreement signed on 26 November 2010 for the first two years of ACER operation.
 The rent-free period ends on 31 January 2013, date from which ACER will be responsible for covering the costs of its premises.

In both cases neither the legal title nor the economic ownership has passed to ACER, therefore the non-exchange component of these transactions is not accounted for in the accounts of ACER.

EVENTS AFTER BALANCE SHEET DATE

ACER has not identified any material event after its balance sheet date that would have an impact on its financial performance and position.

PART II – REPORT ON BUDGETARY AND FINANCIAL MANAGEMENT

ACER has become financially autonomous on 8 March 2011. The approved budget for the Agency for the financial year 2011 amounted to €5,000,000 plus a contribution from EFTA countries of €119,000. Before the financial autonomy, DG ENER has managed the budget of the Agency ensuring a sound financial management of the Agency's appropriations.

From the beginning of the financial year until 8 March 2011 when the financial autonomy has been granted an amount of €326,655 has been spent on behalf of ACER in commitment and payment appropriations by the parent Directorate General.

At the time when the financial autonomy has been granted the amount of available appropriations that have been transferred into the Agency's accounts amounted to €4,792,345 in commitments and payments appropriations.

The following table presents the implementation of these appropriations for the period between 8 March 2011 and 31 December 2011:

BUDGETARY MANAGEMENT

Budgetary principles

The budget of ACER has been established in compliance with the principles of unity, budgetary accuracy, annuality, equilibrium, unit of account, universality, specification, sound financial management and transparency, as set out in ACER Financial Regulation.

Subsidy from the general budget of the European Union

A budget of 5,000,000€ has been allocated to ACER in 2011 from the general budget of the European Union. Together with its subsidy, ACER also received an amount of 119,000€ as percentage allocation of the EFTA contribution. On 8 March 2011, when financial autonomy was granted to ACER, commitment and payment appropriations of €4,792,345 were transferred into the accounts of ACER. On the basis of cash flow forecasts during the year an amount of €300,000 from the available appropriation has not been cashed.

In addition to the current year appropriations an amount of €1,443,833.71 has been transferred from DG ENER after the financial autonomy has been granted that represents the value of commitment and payment appropriations carried forward from the financial year 2010 to honour the commitments administered on behalf of ACER by the parent DG.

Budget and accounting management systems

In order to record and keep track of the budgetary transactions, ACER uses the financial system also used by the European Commission, ABAC, with the SAP system integrated as back-end for the accounting part. The Business Objects web platform is used as the reporting tool. The workflow access in ABAC allows for an instant audit trail and provides the authorising officer with an overview on the segregation of duties compliance as required under the 'four-eyes' principle. The inventories are managed by ACER in accordance with its Financial Regulation and the system used to record inventory items is ABAC Assets2.

Nomenclature

The nomenclature of appropriations is as follows:

C1: Appropriations voted in the current budget

C4: Internal assigned revenue (current year)

C5: Internal assigned revenue (carried over)

C8: Commitments carried forward corresponding appropriations

C9: Commitments carried forward (without corresponding payment appropriations)

R0: External assigned revenue (expense side)

IC1: Universal income voted in the budget

IC4: Internal assigned revenue

IR1: External assigned revenue (income side)

REVENUE

For the financial year ending 31 December 2011 ACER budget has been funded by a subsidy from the general European Union budget of €5,119,000 including a percentage allocation of EFTA contribution. Until the financial autonomy the budget of ACER has been administered by the parent Directorate General for Energy. On 8 March 2011 when financial autonomy was granted to ACER, commitment and payment appropriations for €4,792,345 were transferred into the accounts of ACER. On the basis of cash flow forecasts during the year an amount of €300,000 from the available appropriation has not been cashed.

Non-budgetary revenue in the form of bank interest received on the daily account balance amounting to €10,711.93 and recorded in the accounts of ACER will be returned to the European Commission according to Article 51 of ACER Financial Regulation. Also to be returned to the European Commission is the positive result of the budgetary outturn amounting to €1,571,424.88.

Title 1

ACER became financially autonomous as of 8 March 2011 and has used all its available options at that time to continue attracting human resources in order to implement the tasks assigned to it by the relevant directives and regulation.

The length of the recruitment process has been most of the time influenced by factors outside the Agency's control. The Agency is seeking very specific profiles and offers a remuneration package which, especially for the more senior positions, is not always competitive when compared with opportunities offered in an expanding energy sector. Moreover, its location in Ljubljana represents a challenge for the relocation of staff members' families, due to limited education and occupational opportunities. These issues resulted in late occupancy of several opened positions.

Although the Agency has managed to fill in all of the advertised position by the end of 2011, the delay in the actual taking-up of these positions had a significant impact on the Agency's ability to implement its budget. This resulted in an overall low implementation rate of 67.80% for commitment appropriation and 61.61% for payment appropriation.

Title 2

With a reduced number of human resources in the first year of its operation, ACER has managed to initiate most of its procurement procedures. The unexpected low reply-rate to most of the tender procedures, and in a few cases the absence of replies, resulted in a low implementation of the allocated budget. The limited human resources available to the Agency for running procurement procedures during most of the year resulted in a concentration of such procedures towards the end of the year, with consequent delays in the actual delivery of the ordered goods and services, implying a low implementation of the payments appropriation.

Title 3

With most of the Board of Regulators meetings taking place in locations other than Ljubljana, and a delay in the taking up duties of the seconded national experts, significant savings have occurred in the allocated budget for Title 3. Some timing delays in the reimbursements of participants to the meetings led to a low implementation of payments appropriation for the same title.

Budget transfers

During the financial year 2011 two lots of budgetary transfers took place in order to reallocated resources from areas where budgetary savings have been identified towards areas of scarce resources to ensure the achievement of the year's objectives. From a total number of 45 budgetary transfers, five transfers approved by Director Decision were made between budget titles within the limit of 10%.

The following table presents the detailed budgetary transfers made during the financial year 2011.

Carry forward appropriation - fund source C8

Title	Heading	Budget carried forward from 2010	Commitments	Commitment execution	Payments	Payment execution
TITLE 1	EXPENDITURE RELATING TO EMPLOYEES OF THE AGENCY	216,435.43	39,964.16	18.46%	39,964.16	18.46%
TITLE 2	AGENCY'S BUILDING AND ASSOCIATED COSTS	1,160,828.86	1,083,864.69	93.37%	1,083,864.69	93.37%
TITLE 3	OPERATIONAL EXPENDITURE	66,569.42	27,716.23	41.64%	27,716.23	41.64%
	TOTAL	1,443,833.71	1,151,545.08	79.76%	1,151,545.08	79.76%

Title 1

Appropriations carried forward under Title 1 related mainly to recruitment costs for the vacant positions published during 2010. The actual cost of reimbursements turned out to be significantly less than initially estimated. The unused amount is to be returned to the European Commission.

Title 2

Most of the appropriations carried forward under this title have been consumed in order to honour the obligations ACER had towards its suppliers. The unused portion is to be returned to the European Commission.

Title 3

The appropriations carried forward under Title 3 were mainly used to cover the reimbursement of costs for the Boards' members participating in the organised meetings during 2010. The lower than expected costs resulted in some significant budgetary savings and the unused amount is to be returned to the European Commission.
