

Notice to establish a reserve list for
Electricity Market Monitoring Officer (Grade AD6)
in the Electricity Department
of the Agency for the Cooperation of Energy Regulators
REF.: ACER/2017/01

Publication	External
Title Function	Electricity Market Monitoring Officer
Parent Directorate-General / Service	DG ENER (BXL)

1. WE ARE

The Agency for the Cooperation of Energy Regulators (hereinafter referred to as “the Agency”) is a European Union (“EU”) body, legally established by Regulation (EC) No 713/2009¹ and operational since 2011. The Agency is central to the liberalisation of the EU's electricity and natural gas markets.

The purpose of the Agency is to assist National Regulatory Authorities (“NRAs”) in exercising, at Union level, the regulatory tasks that they performed in the Member States and, where necessary, to coordinate their action.

In this respect, the Agency:

- a) Complements and coordinates the work of NRAs;
- b) Participates in the creation of European network rules;
- c) Takes, under certain conditions, binding individual decisions on terms and conditions for access and operational security for cross border infrastructure;

¹ Regulation (EC) No 713/2009 of the European Parliament and of the Council of 13 July 2009 (OJ L 211, 14.8.2009, p. 1)

- d) Gives advice on electricity and natural gas related issues to the European institutions;
- e) Monitors the internal markets in electricity and natural gas and reports on its findings.

The main areas on which the Agency's activities focus are:

- supporting European market integration: this is mainly done through the development of common network and market rules as well as through the coordination of regional initiatives which are concrete efforts from market participants to work towards greater integration,
- advising the EU Institutions on trans-European Energy infrastructure issues: the Agency issues opinions on ten-year network development plans to ensure that these are in line with priorities set at EU level,
- energy market monitoring: the Agency has a general mission in terms of market monitoring at the EU level and has, since the end of 2011, a very specific responsibility when it comes to oversight of the wholesale energy trading.
- wholesale energy markets monitoring: Regulation (EU) No 1227/2011 on Wholesale Energy Market Integrity and Transparency (REMIT) introduced new rules prohibiting abusive practices affecting wholesale energy markets. According to REMIT, the Agency has to collect both transactional and fundamental data necessary to monitor trading in wholesale energy markets in order to detect and deter market abuse.

The Agency currently employs more than 80 staff and has an approved annual budget of €13.3 million in 2017. The Agency's internal structure comprises five Departments (Electricity, Gas, Market Surveillance and Conduct, Market Integrity and Transparency and Administration) and the Director's Office.

The Agency is located in Ljubljana (Slovenia).

2. WE PROPOSE

The Agency is looking for an Electricity Market Monitoring Officer who will be assigned to the Electricity Department of the Agency and will operate under the direction of and report to the Electricity Market Monitoring Team Leader.

The duties of the Electricity Market Monitoring Officer will include the following:

- Leading the preparation, drafting and design of the electricity wholesale volume of the Agency's annual Market Monitoring Report (MMR), in close coordination with the gas Market Monitoring Team;
- Ensuring proper coordination and cooperation with the national regulatory authorities (NRAs) with regard to the electricity wholesale volume;
- Ensuring proper coordination with the Electricity Framework Guidelines and Network Codes Team, in particular with regard to the monitoring and analysis of the implementation of the market-related Network Codes and the Guidelines adopted by the Commission, and of their effect on the harmonisation of applicable rules aimed at facilitating market integration, as well as on non-discrimination, effective competition and the efficient functioning of the market;

- Contributing to the elaboration of decisions adopted by the Agency pursuant to Article 8(1) of Regulation No. 713/2009;
- Contributing to the elaboration of the Agency's policies and opinions related to electricity markets design and rules;
- Contributing to the preparation of the annual report on the activities of ACER;
- Contributing to the preparation of the Agency's Programming Document and Annual Work Programme.

The tasks involve regular liaison with other Departments within the Agency, NRAs, the European Commission, the European Network of Transmission System Operators (ENTSO) for Electricity, Nominated Electricity Market Operators (NEMOs) and other competent authorities at EU and national level, as well as communicating with market participants and other external stakeholders.

The Electricity Market Monitoring Officer may be required, at times, to assist in other areas of work of the Agency and the Electricity Department, according to needs and priorities, as defined by the Director of the Agency and the Head of the Electricity Department.
